Beneteau First 27

This Beneteau First 27 from 2023, combines a performance sailing configuration with a comprehensive shipyard equipment package. Very lightly used, with only 72 engine hours, she offers an attractive opportunity to acquire a modern sailing yacht equipped for day sailing, coastal cruising and club racing. Her specification includes a carbon mast, boom and bowsprit, full North Sails sail inventory, Garmin navigation and autopilot packages, solar panel, and the comforts needed for time aboard. New batteries and fresh antifouling were added in June 2026.
